It's well worth paying a visit to experience the inner workings of the Schönbuch Brewery. This is where beer is still brewed with passion in small quantities. Quality, craftsmanship and a great taste are key. ## EXPERIENCE CITY LIFE

Welcome to Böblingen, the home of accomplishment and talent! Our lively, attractive town offers a unique mix of turbulent city history and lively modern life, where a diverse cultural landscape meets future-oriented technologies. Böblingen offers a variety of leisure activities for residents and visitors alike. Some of our highlights are presented here.

### A FASCINATING HISTORY ...

A number of original medieval buildings still remain in the Schlossberg area of the town centre. Worthy of a visit are the Stadtkirche (a fifteenth-century church, reconstructed after major destruction during the 2nd World War) and the Market Square (Marktplatz) featuring the sixteenth-century Vogtshaus (German Butchers' Museum) and Zehntscheuer (German Peasants' War Museum / Town Gallery). Connection to the railway network in 1879 enabled Böblingen to develop into a thriving industrial centre. Many of the products developed here such as ether anaesthetic and the 'Hautana' brassiere became famous throughout the world.

## EXPERIENCE CITY LIFE

Württemberg Airport was located directly beside the town from 1925-1939 – Böblingen became a gateway to the world (this area has now become the Flugfeld, with MOTORWORLD). The relocation of forward-thinking companies including global players and world market leaders to Böblingen boosted economic growth after the war, catapulting the city into the high-tech era.

### ...AND COMPLETE RELAXATION

Böblingen offers more ways to relax than most other town centres! The lakes around the Congress Centre (Kongresshalle) and the Stadtgarten park are a popular place to visit at any time of year – and a favourite meeting point as well. Restaurants, boat hire, adventure playgrounds and activity trails provide hours of enjoyment for both young and old.

## MUSEUMS and GALLERIES

### GERMAN PEASANTS' WAR MUSEUM (DEUTSCHES BAUERNKRIEGSMUSEUM)

May 12th, 1525 is probably the most significant date in the 750-year history of Böblingen – the day upon which rebellious peasants were defeated in a bloody battle at the gates of the city. The Böblingen German Peasants' War Museum housed in the medieval 'Zehntscheuer' (tithe barn) vividly illustrates the triggers and stages of the largest mass campaign in German history.

### BÖBLINGEN TOWN GALLERY (STÄDTISCHE GALERIE)

The Böblingen Town Gallery mainly exhibits paintings, drawings and sculptures by artists from the early modernist period of southwestern Germany. The Gallery also concentrates on the versatile artistic works of Fritz Steisslinger, an elective resident of Böblingen. Regularly changed special exhibitions round off the programme of gallery events.

## THE CENTRE of BADEN-WÜRTTEMBERG

48° 39' 43" NORTH AND 9° 00' 14" EAST

Böblingen – right in the middle.

The geographical midpoint of the state of Baden-Württemberg is somewhat hidden within the Böblingen forest, yet is nevertheless well worth a visit. The midpoint between the extreme points of the state borders is marked by a sandstone post. Accompanying sculptures explore the theme of 'centre'.
